

Affiliate Program

We are excited to introduce you to our Affiliate Program, a fantastic opportunity for you to earn TDN tokens by promoting our products and services. Whether you're a long-time supporter or a new enthusiast, we invite you to join our affiliate network and reap the rewards.

Here's how it works:

Apply for Affiliate Role: To get started, simply apply to become an affiliate on our website. The application process is straightforward, but please note that it may take a few days for us to approve your affiliate role.

Confirmation Email: Once approved, you will receive a confirmation email with detailed instructions and unique affiliate links. Please make sure to check your inbox for this email. If you don't see it in your regular mailbox, be sure to check your junk mail folder as well.

Share Your Affiliate Link: Your affiliate link will have your unique affiliate name at the end of it. Share this link with your friends, family, and followers. Whenever someone clicks on your link and makes a purchase on our website, we'll receive a confirmation on the backend. Your affiliate link to the shop will be this with your username at the end. Earn TDN Tokens: We will calculate the total sales generated through your affiliate link, and you will earn a generous commission of 10-25% in TDN tokens on those sales.

Quarterly Payouts: To ensure you have ample time to accumulate sales and earn TDN tokens, we offer quarterly payouts for our affiliates. This means you'll receive your earnings every quarter, providing you with a steady stream of rewards.

Our Affiliate Program is a fantastic way to monetize your support for our products and services while helping us reach a wider audience. We value your partnership and look forward to a successful collaboration.

If you have any questions or need further assistance, please don't hesitate to reach out to our dedicated affiliate support team at support@thedeluxnetwork.com

Thank you for being a part of our affiliate program, and we can't wait to see your earnings grow!

Warm regards,

The TDN Team
